# Preface Welcome to Austria

## *Are you interested in studying in Austria?*

Because of its rich cultural past and present Austria is cherished by people all over the world.

The varied landscape is of great importance for tourism, there are many skiing resorts; in the summer there are lots of opportunities for hiking and climbing or for water sports on the numerous lakes.

Other factors for a stay in Austria are the great social security, the economic stability and the great hospitality of the Austrians.

The Austrian educational system offers you a broad spectrum of educational opportunities. This is why Austria is an ideal place for studying and living.

This new edition of the ›Study in Austria‹ brochure will provide a general overview and serve as a basic guide: By providing information about entry and residence regulations, general conditions for admission and necessary steps to take after arrival in Austria we want to help you plan your studies in Austria.

In this publication you will find tables of the degree programmes at the Austrian universities and universities of applied sciences. Further information about application requirements and procedures is available from the institutions mentioned in this brochure.

General information about Austria is available from the Austrian representative authorities (embassies, consulates) and Austrian cultural forums<sup>1</sup>, Austrian tourist offices<sup>2</sup> and Austrian commercial attachés<sup>3</sup>.

Detailed information concerning the opportunities in the field of higher education in Austria can also be found at: **[www.bmwf.gv.at](http://www.bmwf.gv.at)** (website of the Austrian Federal Ministry of Science, Research and Economy), **[www.studyinaustria.at](http://www.studyinaustria.at)** (comprehensive information about studying in Austria) or **[www.studienwahl.at/en](http://www.studienwahl.at/en)** (all degree programmes in Austria, incl. search for programmes taught in English).

The information from this brochure along with numerous additional references and links can also be found on the website of the OeAD – Austrian Agency for International Cooperation in Education and Research **[www.oead.at](http://www.oead.at)**.

# Higher Education Institutions in Austria\*

## Public Universities

Apart from the traditional comprehensive universities, which offer a wide variety of disciplines, there are a number of technical and medical specialist universities as well as a university centre for postgraduate education.

Austria's **six universities of the arts** offer programmes in music, applied, performing and fine arts as well as in the visual arts and design. Though the common language of instruction remains German, an increasing number of programmes is offered in English, see:

[www.studienwahl.at/en](http://www.studienwahl.at/en)

The total number of students is 280,445 (of whom international students: 73,795). (Statistik Austria 2015/16)

## **Academic calendar**

The academic year in Austria as a rule begins on October 1<sup>st</sup> and ends on September 30<sup>th</sup> of the following year. It consists of:

- winter semester  
(October 1<sup>st</sup> to January 30<sup>th</sup>),
- summer semester  
(March 1<sup>st</sup> to September 30<sup>th</sup>)

and periods during which no lectures are held (**Christmas, semester and summer breaks**). (Exceptions from this schedule are possible; **please enquire at the educational institution of your choice.**)

\* for addresses see appendix

## **Structure of study programmes**

In the last decades the Austrian university system has introduced the **European three-tier system of degrees** according to the Bologna Process.

Besides, the **old two-tier system still exists** in some subject areas and universities (for example medicine).

## **Bachelor and master study programmes**

Most degree programmes are divided into

- **Bachelor programmes**, which conclude with the degree of Bachelor.  
ECTS credits: 180 (in special cases: 240)
- **Master programmes**, which require the successful completion of a bachelor study programme and conclude with the academic degree of Master.  
ECTS credits: at least 120

## **Traditional diploma programmes**

These programmes conclude with the award of a diploma: Magistra or Magister in most disciplines or Diplomingenieur(in) for engineers. Duration: 4–6 years.

## **Doctoral studies (Dr. / PhD)**

Doctoral studies are based on the successful completion of diploma or master degree programmes and are conceived to demonstrate the ability of autonomous research. Doctoral programmes conclude with the degree of ›Doktor/in‹ or ›PhD‹. The duration is at least three years without the award of ECTS credits.

## Private Universities

Austrian private universities offer innovative and high quality education and provide students with personal attention at the highest academic level. Continuous internal and external evaluation of teaching and research as well as active promotion of the arts assure constant university quality development.

The Austrian private universities refine existing and establish new degree programmes based on current and future educational needs. Periodic external re-accreditation reviews supplement internal quality management and provide graduates with excellent chances for their future careers.

The Conference of Austrian Private Universities (OePUK) serves as official representative for its members both in Austria and abroad.

The curricula of the Austrian private universities as well as the academic degrees awarded by them differ from university to university.

**[www.privatuniversitaeten.at](http://www.privatuniversitaeten.at)**

Information about these institutions and their programmes is available on the website of the Federal Ministry of Science, Research and Economy (**[www.bmwfw.gv.at](http://www.bmwfw.gv.at)**) and from the private universities directly. The number of students is 10,202 (of whom international students: 4,017). (Statistik Austria 2015/16)

## Certificate University Programmes for Further Education

### Universitätslehrgänge

Certificate university programmes for further education are the main form of continuing education offered at universities and universities of applied sciences. An internationally common master degree (MA, MSc, MBA,... depending on the discipline) is awarded when the certificate university programme for further education is comparable to the respective master degree programme with regard to admission conditions, content and scope of the curriculum. Usually these programmes comprise 90 to 120 ECTS credits. Most programmes are part-time programmes, therefore the duration varies from one up to three or four years.

In all other cases the title ›Akademischer ...‹ or ›Akademische...‹ (›Academic...‹) together with an attribute characterising the field of the certificate university programme for further education may be awarded if the programme comprises a minimum of 60 ECTS credits.

An overview of the courses on offer can be found at:

**[www.studienwahl.at/en](http://www.studienwahl.at/en)**

## Universities of Applied Sciences (UAS)

### Fachhochschulen (FH)

Universities of Applied Sciences offer their students professionally-oriented higher education. This is reflected in their curricula, which include mandatory career-oriented practical training units or job-based internships. The number of students per year and programme is limited, and for this reason most of the programmes have an entrance procedure, which has to be successfully completed.

UAS offer full-time and extra-occupational study programmes. Extra-occupational programmes are designed for working students and take their specific situation into account. For the completion of all UAS programmes a relevant thesis and an examination are required.

The academic degrees awarded are Bachelor and Master. In the technical fields Master of Science or Diplom-Ingenieur(in) (equivalent to a Master of Science) are awarded. Graduates of UAS master's programmes may enrol in doctoral programmes at universities. In line with the Bologna Process Universities of Applied Sciences have offered bachelor's and master's programmes since 2003.

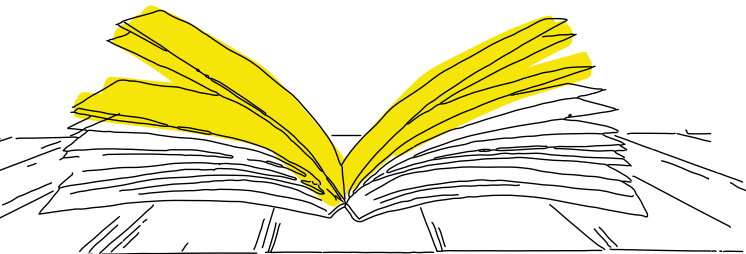

- UAS bachelor programmes:  
**3 years Bachelor**
- UAS master programmes:  
**1–2 years Master**

At present more than 600 UAS degree programmes in areas such as Business, Engineering and IT, Social Sciences, Media and Design, Health Sciences and Cultural Sciences are offered by 21 institutions (see list on page 82). About 80 degree programmes are offered entirely in English.

The total number of students is approximately 48,051. 17% of the students go abroad for a period of study or a professional placement.

## University Colleges of Teacher Education

The 14 Austrian university colleges of teacher education, nine state-run university colleges as well as five private institutions, offer qualifications and continuing further education programmes for pedagogical and especially teaching professions.

Range of studies: Teaching qualifications are established as four-year (eight-semester, workload 240 ECTS credits) bachelor's (Bachelor of Education, BEd) and at least one-year (two semester, at least 60 ECTS credits) master's (Master of Education, MEd) degree programmes. Master degree programmes with teaching qualification for secondary schools may only be offered in the form of a joint study programme with one (or several) universities.

Public university colleges of teacher education establish the following degree programmes:

- Bachelor and master degree for teaching qualification at primary level
- Bachelor and master degree for teaching qualification at secondary level (secondary school)
- Bachelor degree programmes alone as well as bachelor and master degree programmes for teaching qualification at secondary level (vocational schools)

### Further information

All Austrian University Colleges of Teacher Education:

**[www.ph-online.ac.at](http://www.ph-online.ac.at)** (in German only)

Austrian Federal Ministry of Education (BMB): **[www.bmb.gv.at](http://www.bmb.gv.at)**

(total number of students 14,500 - 990 from abroad; Statistik Austria 2015/16)

# Studying and Residence in Austria

## Application for Admission to Study in Austria

You have to send the **application and necessary documents** to the university, the university of applied sciences (Fachhochschule / UAS) or the UAS degree programme (applications submitted to the Austrian representative authorities will be forwarded to the educational institution – applications must arrive at the university on time, please bear in mind that forwarding may take some time; submission of the application at the representative authority does not extend the deadlines!). Many universities offer a **›registration of data: via Internet** and will then send specific information to you via e-mail.

## **Closing dates/deadlines and necessary requirements <sup>1</sup>:**

At universities the closing dates for application for the winter semester are September 5<sup>th</sup>, for the summer semester February 5<sup>th</sup>. Further information about differing admission periods and admission procedures (e.g. for study programmes with entrance examinations), general and specific university entrance qualification and the necessary documents can be found at [www.oead.at](http://www.oead.at), [www.studyinaustria.at](http://www.studyinaustria.at), [www.studienbegegnung.at](http://www.studienbegegnung.at) and on the website of the university of your choice.

University application forms can be downloaded from the universities' websites or else the universities will send them to you.

**Attention:** In some study programmes, e.g. architecture, biology, economy, informatics, medicine, dentistry, psychology the university may limit admissions either by introducing an entrance examination before admission or by carrying out a selection procedure until two semesters after admission (detailed information is available from the universities concerned).

For many programmes proof of proficiency in German is necessary and should also be included in the application documents, if available (e.g. German examination within the school leaving examination, language course diplomas). See ›German language courses on page 14.

**Foreign documents** have to be presented in the **original** (and in photocopy) and have to be **legalised**<sup>2</sup>. If documents are drawn up in languages other than German, **legalised translations** have to be added, translations done abroad also have to be legalised.

<sup>1</sup> The requirements for admission to Certificate University Programmes for Further Education differ from course to course and should be enquired about at the individual courses.

<sup>2</sup> Legalisation is done by the competent authorities of the issuing countries and then by the Austrian representative authority in that country or – after prior legalisation by the representative authority in Austria of the country of issue of the document – by the Austrian Ministry for Foreign Affairs (legalisation office) (only for original documents). Documents from certain countries either require only an apostille or no legalisation at all. Detailed information is available from the Austrian representative authorities.

Universities of the arts and UAS degree programmes have different application deadlines and often do not require proof of the general or specific university entrance qualification; instead, prospective students have to pass an entrance examination or produce proof of relevant professional qualification. Information about the prerequisites (these differ from one institution to the other) is available from the universities of the arts, the universities of applied sciences and UAS degree programmes.

If all prerequisites are met, the educational institution will send the **notification of admission** or the invitation to sit an **entrance examination** to the address specified by the applicant. Students may be admitted as degree programme students or – if supplementary examinations are required and in the case of certificate university programmes for further education (**Universitätslehrgänge**) – as non-degree programme students. On arrival in Austria students have to **enrol in person** with the university or UAS degree programme.

## Entry and Residence Conditions

a) **Nationals of EU and EEA member countries** as well as **Swiss nationals** do not need visas or residence permits. When staying in Austria for **longer than 3 months** (90 days) they, however, have to apply for a confirmation of registration (Anmeldebescheinigung) at the **residence authority** (Landeshauptmann, Magistrat, Bezirkshauptmannschaft) within 4 months of entry to Austria.

b) **Other foreigners** have, if they are staying for **longer than 6 months**, to apply for a residence permit for study purposes (Aufenthaltsbewilligung Studierender)<sup>3</sup> at the Austrian representative authority **before entry to Austria** after receipt of the notification of admission. The application will be sent to Austria and the decision has to be awaited in one's country of residence (therefore the application should be submitted at least **3 – 6 months before** the intended arrival in Austria).

**Exception:** Applicants who are allowed to enter Austria **without a visa** (information about this is available from the Austrian embassies) may apply for and receive the residence permit from the residence authority once they are in Austria.

<sup>3</sup> For stays of up to 6 months maximum a visa C for a maximum of 90 days or D (91 days to 6 months maximum) is sufficient, this, however, can neither be applied for nor renewed in Austria.

The following documents have to be submitted:

1. a fully completed and signed **application form** (available from the representative authority; can also be downloaded from the Internet)
2. **valid passport** (must be valid for the whole duration of your stay in Austria)
3. passport-sized **colour photograph** (3.5 x 4.5 cm)
4. **birth certificate**<sup>6</sup>
5. **certificate of good conduct**
6. **health insurance** for the period of entry to beginning of studies (see ›Health insurance for students‹)
7. **notification of admission** of the Austrian educational institution
8. **proof of sufficient financial means** to cover one's living costs for 12 months in advance (for students up to 24 years of age: **€ 491.43/month**; for students over 24 years of age: **€ 889.84/month** (these amounts contain the rent for accommodation of up to € 284.32 in 2017), e.g.: savings bank book / account in Austria / declaration of guarantee of a person living in Austria / Traveller's Cheques)
9. **proof of accommodation** (rental agreement, accommodation agreement with a student hall of residence, assignment of the right of use accommodation). The issue of the residence permit is subject to a fee (€ 120), additional fees may be applicable.

If living with relatives or friends, an ›Accommodation Agreement‹ must be filled in and enclosed with the application.

**Important notice:** Entering Austria with a **tourist visa** (visa C) is not recommended because with such a visa you cannot apply for a residence permit in Austria. A visa cannot be renewed in Austria.

For a **renewal of the residence permit** an additional confirmation of the successful course of study (›Studienerfolgsnachweis‹) is necessary: examinations equaling 8 hours/week or 16 ECTS credits per academic year.

For details see: [www.oead.at/entry](http://www.oead.at/entry)

### Students with entrance examination

If you have to sit an entrance examination at an Austrian university of the arts, the procedure for students who may not enter Austria without a visa will be the following:

1. On the basis of your application the university will issue a conditional letter of admission (**bedingter Zulassungsbescheid**). Together with the conditional letter of admission and all other necessary documents you have to apply for a residence permit at the competent **Austrian representative authority**. Since the processing of the application has to be awaited in your home country you should apply at least **three months before** the scheduled entrance examination. Sufficient financial means and accommodation have to be

<sup>6</sup>For legalisation and translation of documents see page 10

shown credibly, e.g. confirmation of alimony payments of parents, preliminary rental contract, reservation of a room in a student dormitory.

2. In case the Austrian authority approves of your residence permit application you can apply for a **visa D** to travel to Austria. The visa allows you to come to Austria to take part in the entrance exam.

3. If you pass the entrance exam you have to provide the letter of admission (**Zulassungsbescheid / Aufnahmebestätigung**) and documents that prove sufficient financial means and accommodation to the competent Austrian residence authority to get your residence permit. You have to pick up your residence permit in Austria within the validity period of your visa!

Students who may enter Austria without a visa may sit the exam without a visa and may apply afterwards for their residence permit in Austria within their visa-free stay (90 days).

## Family members of students

In case of spouses or minors accompanying the student a **separate application for each person** must be submitted. Proof of adequate health insurance, accommodation in Austria and a separate document showing the financing of the stay in Austria must be produced for the whole family (€ 1,334.17 per month for couples, € 137.30 per month per child in 2017). Family members are **not allowed to take up gainful employment** in Austria.

## Accommodation

The Austrian Exchange Service (OeAD) and the Austrian Student Union (Österreichische Hochschülerschaft / ÖH) offer reasonably priced accommodation for students. For details consult:

OeAD: [www.housing.oead.at](http://www.housing.oead.at)

ÖH: [www.oeh.at](http://www.oeh.at)

Youth hostels: [www.oejhv.or.at](http://www.oejhv.or.at)

The International Offices of the universities provide help in finding private accommodation.

## Registration

In Austria it is compulsory to **register with the municipal authorities** (Meldeamt: Gemeindeamt, Magistratisches Bezirksamt) **within three working days** of entering the country. For this you need a registration form (**Meldezettel**, available from the registration offices or from the Internet), which must be completed by you and signed by your landlord/landlady. (In youth hostels and hotels this registration is carried out by the management when you check in.) A change of address also has to be reported to the registration office within 3 working days.

Please do not forget to inform the registration office when you leave Austria.

**Attention:** Nationals of **EU/EEA countries** and **Swiss nationals** have to apply additionally for a **confirmation of registration (Anmeldebescheinigung)** if they stay in Austria for more than 3 months.

## Health Insurance for Students

Students admitted to an Austrian university or university of the arts or UAS degree programme as regular degree programme students may take out a **comprehensive health insurance** with one of the local public carriers (**Österreichische Gebietskrankenkasse**). This insurance is only available to Austrians and foreigners who have established a legal residence in Austria (and fulfil several requirements regarding duration of studies, change of study programmes, income, study programmes already completed). Forms to apply for this insurance coverage are available at the respective **Gebietskrankenkasse** branch offices and the Austrian Student Union (ÖH – Österreichische Hochschülerschaft).

The **insurance premium** for this coverage currently amounts to **€ 56.74** (as of 2017) per month for students. Students can consult all physicians who have a contract with the **Gebietskrankenkasse**.

Students from EU/EEA countries who are in possession of a valid health insurance in their home countries need the **European Health Insurance Card**.

Students who do not meet these requirements have to take out insurance with private insurance companies or the local insurance carriers (**Gebietskrankenkassen**) themselves (higher premium)!

## German Language and University Preparation Courses

The common language of instruction is German, but an increasing number of programmes is offered in English (about 12% of the degree programmes at public universities in 2014). Programmes taught in English, see:

[www.studienwahl.at/en](http://www.studienwahl.at/en)

In order to be admitted to a degree programme you have to prove sufficient knowledge of German. At some universities you need proficiency in German corresponding to **level B2**, at others corresponding to **level C1** of the Common European Framework of Reference for Languages. There are different diplomas that are accepted, e.g. the Österreichisches Sprachdiplom Deutsch, Austria's officially recognised examination system for German as a foreign language with licensed examination centres all over the world: [www.osd.at](http://www.osd.at).

Please enquire **directly at the university** or UAS of your choice to find out whether or not the certificate / diploma you hold is also accepted as sufficient proof!

## University Preparation Programmes Vorstudienlehrgänge of the OeAD

In addition, many universities offer the possibility to attend language courses at the University Preparation Programmes (›Vorstudienlehrgänge‹) of the OeAD located in Vienna, Graz and Leoben (addresses see appendix). By attending these programmes students can **prepare themselves for supplementary examinations** (e.g. in mathematics or German ...) which they have to take to be admitted to a degree programme. Students can also begin their studies without knowledge of German and be admitted to university studies after passing the supplementary examination in German (or other subjects).

Other institutions and organisations also offer a variety of German language courses for foreigners. For more information consult Campus Austria, the association of Austrian language schools:

**Campus Austria**  
Bauernmarkt 18  
1010 Wien/Vienna  
info@campus-austria.at  
[www.campus-austria.at](http://www.campus-austria.at)

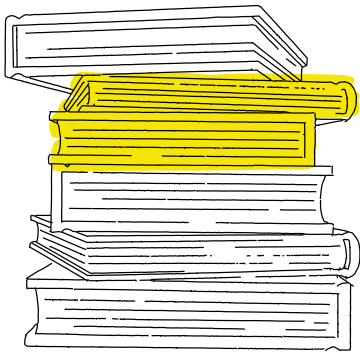

## Working in Austria

a) For students who are EU or EEA or Swiss nationals there are **no restrictions** concerning work in Austria as long as the fiscal and national insurance regulations are met.

Students from Croatia still need (probably until 2020) a work permit before taking up gainful employment.

b) Students from third countries need a **work permit** to work in Austria. The permit is to be obtained by the employer before the student starts working. The work permit is granted for students in a bachelor's programme and the first stage of a traditional diploma degree programme for up to 10 hours per week (presumably there will be changes in 2017), for students in a master's programme and the second stage of a traditional diploma degree programme and doctoral candidates for up to 20 hours per week. Work in the field of science and research or on the basis of a contract for work and labour (self-employment, ›Werkvertrag‹) (by which you are not fully employed and have to take care of your income tax and health insurance yourself) does not require a permit. Further information is available from the Public Employment Service (AMS, [www.ams.or.at](http://www.ams.or.at)). Please note that **your stay in Austria cannot be financed exclusively by such employment!** Your work must not compromise your studies. Non-compliance with these regulations may lead to expulsion from Austria!

For details see: [www.oead.at/working](http://www.oead.at/working)

c) In case your study plan recommends or requires the proof of a vocational internship (Berufspraktika): A vocational internship is an employment (practical training) which is required by the study plan of an Austrian educational institution with public status. In this case you will not need a work permit but your employer has to submit a notification (**Anzeigebestätigung**) to the AMS (Public Employment Service Austria) and the competent authority for taxes (**Abgabenbehörde**) at least 2 weeks before the beginning of the employment. **Please note:** The internship can only be started, if there are no objections on the part of the AMS.

## Further Information

The Austrian Student Union (**Österreichische Hochschülerschaft / ÖH**) is the **legal representative body** of all students in Austria: [www.oeh.at](http://www.oeh.at)

Social and cultural institutions as well as the public transport providers offer **reductions for students**. The Austrian Student Union (**Österreichische Hochschülerschaft**) informs students about these reductions and provides information about all matters concerning their studies.

The **University Sports Departments** (USI – Universitäts-Sportinstitut) offer a wide range of opportunities for practising sports at reasonable prices.

## Student Ombudsman

For general questions and individual problems related to studying or doing research at Austrian universities, universities of applied sciences or university colleges of teacher education and for other aspects of student life in Austria (entry and residence requirements, housing, etc.) a central student ombudsman office (Ombudsstelle für Studierende) is available for Austrian as well as international students.

Students can consult the webpage ([www.hochschulombudsmann.at](http://www.hochschulombudsmann.at)) or address individual enquiries or complaints to this office. Cases are dealt with free of charge and in full confidentiality.

### Ombudsstelle für Studierende

# The Costs of Studying in Austria

## Living Costs

In the following table you will find an estimate of the **monthly living costs for students** (in euros). These figures only serve as a guideline and cannot be seen as binding. Under accommodation costs a place in a **student hall of residence** has been used as the basis of calculation.

<b>Accommodation</b> (including heating and electricity)	€ 400
<b>Food</b> (excluding luxuries and tobacco)	€ 250
<b>Studies and personal requirements</b> (books, culture, recreation)	€ 300
<b>Total per month</b>	<b>€ 950</b>

## Tuition Fee Regulations as of the Summer Semester 2013

### Universities and Universities of the Arts

- **Degree programme students** (ordentliche Studierende) who are nationals of an **EU or EEA** country and who exceed the scheduled duration of their bachelor or master or doctoral/PhD programme or a section of their diploma degree programme by more than two semesters: **€ 363.36** for each semester. If the tuition fees are paid during the additional enrolment period, they increase by 10%.

- **Degree programme students** (ordentliche Studierende) **from third countries who possess a residence permit for students: 726.72 euros per semester** (from the first semester; but no increased tuition fees in case of payment during the additional enrolment period). **All other degree programme students from third countries** (especially those who have a residence title other than a ›residence permit student‹ (›Aufenthaltsbewilligung Studierender‹) or belong to a specific group of persons): **363.36 euros per semester** (after the tuition fee-free period). Details see at [www.studyinaustria.at/tuition-fees](http://www.studyinaustria.at/tuition-fees)

- The **student union membership fee** (›ÖH-Beitrag‹) is **€ 19.20** (2017) per semester and is compulsory for all students.

An exemption from paying tuition fees is **possible in special cases** (e.g. for participants in exchange programmes and university partnerships, students from the least developed countries). Students from other developing countries and Central and Eastern European reform countries may be exempted or apply for a full or partial refund of the tuition fees according to the universities' own rules.

## Universities of Applied Sciences (UAS)

are entitled to charge tuition fees. For more details please contact the institution of your choice directly.

## Other Higher Education Institutions

In the case of **Certificate University Programmes for Further Education** (Universitätslehrgänge), **Private Universities & University Colleges of Teacher Education** the **tuition fees differ** from one institution to the other and should be enquired about at the individual institutions.

## Scholarship Programmes

Various scholarship programmes are offered by Austrian organisations.

Please note that there are hardly any scholarships for an entire study programme in Austria.

Please note that most grant /scholarship programmes do not permit gainful employment in Austria!

## Unilateral Scholarship Programmes

With a number of **unilateral scholarship programmes** the Republic of Austria provides the possibility for foreign students, graduates, post-docs and university teachers to study or carry out research work at Austrian universities.

The most important of such scholarships are the following:

- **Ernst Mach Grants** (all fields of study). [www.oead.at/mach](http://www.oead.at/mach)

- **Franz Werfel Grants** for young university teachers of German language and Austrian literature. [www.oead.at/werfel](http://www.oead.at/werfel)

- **Richard Plaschka Grant** for doctoral students (pre-doc) and university lecturers (post-doc) in the field of history who are primarily occupied with Austria-related topics. [www.oead.at/plaschka](http://www.oead.at/plaschka)

- **APPEAR – Austrian Partnership Programme in Higher Education and Research for Development, 2015 – 2020**; for doctoral studies; only for ADC (Austrian Development Cooperation) key regions and priority countries in the South. [www.appear.at](http://www.appear.at)

## ERASMUS+ in Higher Education

Join more than 6,000 Erasmus+ students who study or do a traineeship in Austria every year! Erasmus+ is the European flagship programme for education, training and youth, involving 33 programme countries as well as global partners for certain activities. Students may apply for a study abroad period or for a traineeship of up to 12 months per academic cycle. Applications have to be addressed to the home university. Funding for students from Erasmus+ partner countries (third countries worldwide) is available under specific conditions. In addition to grants for students, the programme provides support for teaching and training activities of HEI staff. Erasmus+ also provides funding for school education, vocational and adult education. [www.bildung.erasmusplus.at](http://www.bildung.erasmusplus.at)  
[www.erasmus.at](http://www.erasmus.at)

## CEEPUS

Students, post-graduate students and teachers from the countries participating in CEEPUS (Albania, Bosnia and Herzegovina, Bulgaria, Croatia, Czech Republic, Hungary, the Kosovo, Macedonia, Moldova, Montenegro, Poland, Romania, Serbia, Slovak Republic and Slovenia) have the opportunity to come to Austria in the **framework of institutional networks** (or as Freemovers).

[www.oead.at/ceepus](http://www.oead.at/ceepus)

## Erasmus Mundus Joint Master's Degrees

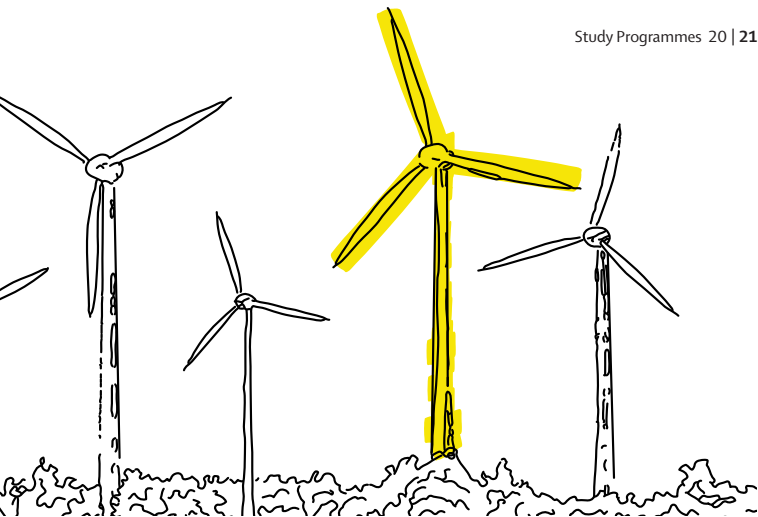

Erasmus Mundus offers a **full-time scholarship** for **excellent students** from all over the world – who have successfully applied for an **Erasmus Mundus Master's Course** or an **Erasmus Mundus Joint Doctorate Programme**.

An Erasmus Mundus Joint Master's Programme lasts between **1 – 2 (Master's) years**. A minimum of three European higher education institutions (EU, EEA, FYRoMacedonia or Turkey) are actively involved. Students need to study at least at two different European higher education institutions.

Universities from Erasmus+ partner countries (third countries worldwide) may participate in the consortium of an Erasmus Mundus study course and host EM students for one semester. Internships in **enterprises** and at **research institutions** are possible, too.

Depending on the country of origin and the duration of the programme the students can receive a scholarship of up to € 49,000.

[www.bildung.erasmusplus.at/erasmus-mundus](http://www.bildung.erasmusplus.at/erasmus-mundus)

### Erasmus Mundus Joint Master's Programmes with Austrian Participation for the winter term 2016/17

- **ASTROMUNDUS** – Astrophysics (University of Innsbruck, coordinator)
  - **MARIHE** – Research and Innovation in Higher Education (Danube University Krems, coordinator)
  - **Media AC** – Media Arts Culture (Danube University Krems, coordinator)
  - **DCLead** – MSc Digital Communication Leadership (University of Salzburg, coordinator)
  - **EMGS** – Global Studies – A European Perspective (University of Vienna, partner)
  - **EMLE** – European Master in Law and Economics (University of Vienna, partner)
- 
- **4CITIES** – Unica Euromaster in Urban Studies (University of Vienna, partner)
  - **CARTO** – E+ JMD Cartography (Vienna University of Technology, partner)
  - **EUCOMOR** – Erasmus Mundus Master of Comparative Morphology (VetMed Vienna, partner)
- ... and additionally for the winter term 2017/18
- **MScEF** – Master of Science in European Forestry (BOKU, partner)
  - **EMMIR** – European Master in Migration and Intercultural Relations (University of Graz & University of Salzburg, partner)

## Aktionen

There are **three bilateral ›Aktionen‹** between the **Slovak Republic**, the **Czech Republic**, **Hungary** and **Austria** providing scholarships as well as project-oriented support. [www.oead.at/aktionen](http://www.oead.at/aktionen)

## Joint Study Programmes

The universities have funds for Joint Study Programmes, university partnerships and short-term study grants abroad at their disposal.

For detailed information about these and other scholarships consult the **online scholarship database grants.at** maintained by the OeAD.

[www.grants.at](http://www.grants.at)
