September: Welcome to GEM!

Choosing Grenoble Ecole de Management

Established in 1984, Grenoble Ecole de Management (GEM) is one of the **best French (Top 6) and European (Top 25) business schools**.

Each year, **GEM trains approximately 8,000 students, delivering over 50 national and international programs** from the undergraduate to the Doctoral level, on several campuses worldwide.

It is one of only a few business schools worldwide to hold the **triple accreditation crown EQUIS, AACSB and AMBA**, a clear indication of the quality of its activities. Its programs are regularly ranked by major international economic newspapers and magazines.

Build your own Grande Ecole program

- **Multilingual classes:** study either in English, French, or choose the Trilingual track (50% English, 25% French and 25% Spanish or German)
- **Wide choice of electives** (see course program)
- **Double degrees** with both French and international academic partners
- **Exchange programs** with 125 partner universities in 34 countries
- **Internship opportunities** each year, from 13 to 26 weeks

GEM in 5 key words

- **Expertise:** GEM is a worldwide reference in management of Technology, Innovation and Entrepreneurship.
- **Innovation:** GEM developed its own learning model in which students are contributors, collaborators and co-constructors of unique learning experiences.
- **Business:** the school's mission is to provide businesses with highly qualified and open-minded managers. Students benefit from its professional partnerships through course contents, field missions and career opportunities.
- **Multiculturality:** 41% of student body and 47% of professors and lecturers are non-French, from 159 different nationalities.
- **Student life:** 22 student associations, ranging from arts and sports to gastronomy and humanitarian work, make student life rich and enjoyable through their 700 events/year.

Studying in Grenoble

- French capital of the Alps, Grenoble is a lively and cosmopolitan city. Nested between 3 mountain ranges, it offers great outdoors and various sporting activities all year long.
- Over 62,000 students thrive in Grenoble, which is ranked **5th best city in France to study** (L'Etudiant, 2018-19).
- Grenoble is an international city of technology, science, and business - a high-tech hub with a thriving and dynamic economy. GEM itself is a founding member of Grenoble Innovation Campus GIANT.
